Following is a suggested list of supplies for any hepatitis C screening event. Quantities depend upon the duration of your event and how many participants are expected. You may need other supplies depending on the venue and set-up. Some supplies may not be needed if you hire a contractor to draw blood; check with the company well in advance to find out what you will be responsible for supplying.

- informational and/or educational materials
- business cards
- signage and/or table-top displays
- donation jar
- name tags for staff and volunteers
- stapler (s)
- staple remover(s)
- scissors
- adhesive tape
- paper clips
- rubber bands
- pens (have a large number of inexpensive pens as they are easily lost)
- disposable disinfecting wipes (to clean surfaces)
- large zippered, plastic storage bags
- plastic storage containers with lids, (4 sandwich size containers per testing station)
- trash bags
- trash cans (boxes can be used with plastic liners)
- table cloth(s)
- refreshments/snacks (for staff and volunteers if an extended event)
- napkins (if supplying refreshments for staff/volunteers)
- folding chairs/lawn chairs if staging a break area for staff/volunteers
- tarp (if you need to cover supplies during an outdoor event)
- camera (take pictures for your Internet site)
- t-shirts (if you are providing them for staff and volunteers)
- screening and consent forms
- expandable folders to hold forms and specimen holding bags
- large manila envelopes (for the completed screening forms)
- clip boards (for filling out screening and consent forms)
- non-latex gloves (get sizes needed for staff and volunteers)
- paper towels
- hand sanitizer
- hand lotion
- adhesive bandages
- gauze (2 x 2 inch)
- alcohol wipes
